

communications officer

- **Unprecedented organisational growth**
- **Play a vital role in this rapidly expanding sector**

Carers NSW is the peak organisation for carers in the State. The association supports relatives and friends who are caring for people with a disability, mental health problem, chronic condition or who are frail aged. With the heightened profile of carer issues and increased funding for carers at both a State and Federal level, this is an exciting time to join Carers NSW.

In this role you will work as part of the communications team to promote carer issues to key stakeholders, including government, peak bodies, service providers, media and carers. You will assist in the development, implementation and evaluation of a Carers NSW external communications strategy, coordinate a range of publications and participate in a variety of promotional events and marketing initiatives.

You will have tertiary qualification in communications or a relevant discipline and demonstrated experience in communications or public relations. Your well developed writing skills will enable you to effectively draft media releases, prepare newsletter articles and produce concise reports. You will also have strong web-based communications skills, including content management experience. Knowledge of government and non government funded organisations would also be desirable.

If you would like to use your skills to support the vital work of carers in our community, please call Olivia Ryan on 02 8243 0570 or send your resume to cv@ngorecruitment.com quoting Ref #: 28 660.
