- **Unprecedented organisational growth**
- **Play a vital role in this rapidly expanding sector**

Carers NSW is the peak organisation for carers in the State. The association supports relatives and friends who are caring for people with a disability, mental health problem, chronic condition or who are frail aged. With the heightened profile of carer issues and increased funding for carers at both a State and Federal level, this is an exciting time to join Carers NSW.

In this role you will develop appropriate policy responses and undertake research and policy analysis on issues affecting carers from culturally and linguistically diverse backgrounds.

You are ideally tertiary qualified in social sciences or another relevant discipline and possess an understanding of and commitment to carer issues and needs, particularly in relation to carers from culturally and linguistically diverse (CALD) backgrounds. You have an understanding of relevant policies and legislation affecting CALD carers and have direct experience working with and supporting people from CALD backgrounds.

If you would like to use your skills to support the vital work of carers in our community, please call Olivia Ryan on 02 8243 0570 or send your resume to cv@ngorecruitment.com quoting Ref # 28 658.
