

INVITATION

Presents

*Using Electricity and RECs futures and options for renewable projects
– for the lay-person
- Presented by Thomas Schmitz from d-cypha Trade*

Please join our sponsors and ourselves with professionals from both the climate change sector and concerned corporates to hear Thomas' presentation.

d-cypha Trade is an independent energy market expert who works with the ASX and has a uniquely successful track record of developing and building energy derivative markets. Thomas draws on over 8 years of experience in trading and structuring electricity, gas, coal, carbon and renewable markets. His presentation will focus on financial instruments that can be used to hedge the commodity exposure for renewable projects.

When: Thursday 2nd September from 5.30 pm to 7.30 pm.

RSVP – Whilst this is a free event, please respond to info@bradmanrecruitment.com by 1st September as we need to know you are attending for catering purposes.

Where: Sydney CBD – We will give you the address once we have processed your invitation.
