

fundraising manager

Trust

- Remuneration designed to attract the very best
- Make a major contribution in the fight against HIV/AIDS

Since 1987 the AIDS Trust of Australia has been the only national body raising and dispersing funds to community based organisations that provide HIV/AIDS education, care, support and research.

Reporting to the Board and working closely with sector stakeholders you will develop and implement a development strategy that will radically expand fundraising and sponsorship activity. This will be achieved by harnessing the support of philanthropists, corporates, community groups, trusts and foundations. You will also ensure all legislative and administrative requirements are met.

You have a track record in a similar function working at the highest levels within the not for profit or arts sectors. Your mature approach, intellect and demonstrated track record will be key to your success in this role. If you're from the corporate sector you have experience in high value non-tangible quality sales, sponsorship and/or direct marketing.

If you have the passion to
fundraise for the fight
against HIV/AIDS then phone
Richard Green on
02 8243 0570 or forward
your CV to
