

head of fundraising

CHILDREN'S CANCER
INSTITUTE AUSTRALIA

- **Play a key role in finding a cure for childhood cancer**
- **Excellent remuneration package to attract the very best**

The Children's Cancer Institute Australia for Medical Research (CCIA) is dedicated to research into the causes, prevention, better treatments and ultimately a cure for childhood cancer. CCIA's world-class independent research ensures the best possible quality of life for the children and their families.

Your challenge will be to nurture and substantially grow fundraised income via the implementation of a sophisticated and well researched fundraising strategy. The majority of income will be sourced via support from individuals, community support, foundations, corporates and bequests.

You have a successful track record in driving a similarly complex, broad ranging fundraising operation and have a deep understanding and appreciation of international best practice. Your highly developed staff management skills and mature approach, intellect and strategic ability will be key to your success.

If you want to ensure the continuation of CCIA's vital research by increasing funding and community participation and awareness then please call Richard Green on 02 8243 0570 or send your CV to cv@ngorecruitment.com quoting # 29888.
