

campaign manager

- **Stop live exports and whaling**
- **Regular interstate travel required**
- **Contract role - July 2010 to March 2011**

For 25 years, WSPA has aimed to promote the concept of animal rights in regions of the world where there are few, if any, measures to protect animals. Politically, they have campaigned to convince governments and key decision makers to change practices and introduce new laws to protect or improve the welfare of animals.

The Campaign Manager implements and executes Australia's live export and whaling campaigns. You will also provide leadership to the long distance transport campaigns in Brazil and USA, as well as overseeing campaign related activities in the Middle East.

Responsibilities include advancing campaign initiatives with key political stakeholders, acting as campaign spokesperson at events, maintaining a watching brief on campaign-related activities, and program evaluation, budget management and reporting.

If you can demonstrate your success advocating change to government policy and would like to contribute to the advancement of animal rights, please email your resume to cv@ngoecruitment.com or contact Shiree Thomas on 02 8243 0570 quoting #30202.
